### Dating Websites are the new in Place

by Louise Servage Finding love in todays environment presents some problems, thats right pub, clubs, supermarkets are starting to loose their luster as a destination for meeting new lovers. We call it love time, the time you need to just search for love. As it turns out large citys are becoming repositories of single people, thats right you can take heart that you are not alone. While this is a two edge sword , a large pool of lovers but an environment that creates singles. Not wanting to

### Unwanted Mens Body Hair

by Andrew W John Women have been getting rid of their body hair for centuries, but hair removal for men is a relatively modern trend. While many of males still consider it little more than an offspring of womens beauty addiction, men have several hair removal procedures at their disposal - and undergoing such operation is often the only way to look trendy, young, and handsome. Why do men need it? Its really quite simple: because of sex and money. First, men need to remove their hair, because
