

## The truth about online dating and the link between depression and relational uncertainty (EurekAlert)

Contributed by Leslie Karsner

More info...

( SAGE Publications UK ) There's no doubt that meeting partners on the Internet is a growing trend. But can we trust the information that people provide about themselves via online dating services? And why is depression so dissatisfying in relationships? These two questions are explored in articles appearing in the latest issue of the Journal of Social and Personal Relationships, published by ...
